

# *WB6BWZ's 5-MHz 28-gauge insulated wire stealth antenna*

**Top View**

**Profile View**

1. Drawings not to scale. NORTH direction is UP.
2. Interstate I-75 is southwest and parallel to balcony.
3. Antenna is 5-MHz OCF 28-gauge insulated wire in trees.
4. Transmission line is the same 28-gauge insulated wire twisted loosely together for ~13 feet to an SGC SG-237 autotuner <<http://www.sgcworld.com/products/sg237/>>.
