

# GENE TAYLOR/JOHN HALL MEMORIAL INVITATIONAL

**APRIL 30-MAY 1, 2011 BRAHAN SPRING PARK  
HUNTSVILLE, ALABAMA**

We are proud to bring back the TOP GUN MULTI-ENGINE AWARD. Huntsville Alabama is the site for the beginning of this premier award. The Multi-Engine Nitro class will run four rounds for first, second, and third place. The top eight boats will be placed in a heat together to run for the Gene Taylor/John Hall traveling trophy. This trophy has some great names on it already before it was put up for a few years. We will continue placing names on this trophy as it moves to the different winners. Upon the trophy's return a plaque will be presented to the racer to show that he held it for that year.

#### Classes offered (5 boats to make a class)

- AB, CD, E, F Nitro Hydro, Multi Engine Nitro Hydro, Sport 40, Sport RTR
- Scale with Concourse, 20 Sport Tunnel, 20 Mod Tunnel, Open Tunnel
